DINNER CHAT

Sitting down for dinner as a family is a nice way to unwind away from media distractions like television, internet, and video games. Dinner table conversation fosters an occasion for children to work on communication skills while articulating their own opinions. Try these:

- If you could trade places with your parents for a day, how would you do things differently?
- If you couldn't watch TV or go online for a month, how would you spend that time?

CLUB ACTIVITIES

- **Science**-Middle Schoolers will teach children how to make the best slime. Create Iceland volcano, Create snow playdough
- **Cupcake Wars**-Polar Bear Cupcakes, Valentine baking challenge

FROM THE OFFICE

Each ABC Care center has a “**team incentive plan**” that encourages and rewards your children’s positive social interactions and behaviors. Our ABC Care Staff receive numerous trainings on behavior plans for both large groups and individuals. We use incentive programs and also individual “**peace**” or “**cool down**” boxes that teach children to demonstrate a wide variety of their emotions in appropriate ways. We also utilize ABC Care created “**Problem Solving Reports**” to guide children in learning how to resolve social and emotional conflicts.

When you see an **ABC Care Problem Solver Report** or **Conflict Resolution Sheet** please do not view it only in a negative light. They are **excellent learning opportunities** for your children to practice both problem solving and conflict resolution skills to enable them to **become happy, successful adults!** We have found that **success with children’s development occurs when home, school, and child care are all sharing clear communications and working together on common goals- the safety and well-being of your child.**
